

Slip-On Grain Goat Gloves with 360 Degree Kevlar® Lining and black Nomex® FR back of hand material, FR cotton fingertips.

Heavy Duty Grain Goatskin glove is a natural fitting glove for heavy duty tasks. It features split patch reinforcements on the palm and thumb saddle as well as reinforced fingertips and a knuckle strap for increased protection. 360 degree Kevlar® lining provides cut protection. Black Nomex® back of hand material provides FR resistance.

Features and Benefits:

- Arc Flash: HRC Level 2 (24 calories per cm²)
- Cut resistant Kevlar® liner. ANSI/ISEA 105-2016: Level A3, 1240 grams
- Slip-on wrist for the perfect fit and feel
- Black Nomex® FR back of hand and orange FR fingertips
- Grain goatskin leather palm, knuckle strap, reinforced finger, & split palm patch.

Applications:

Manufacturing, Material Handling, Cut/Heat Resistance, Gas & Energy, Electrical
