

R2 Safety Rigger Glove with Hook & Loop Wrist

The R2 Reinforced Comfort Impact glove is a high-dexterity glove that packs a lot of features at a reasonable price. This glove features TPR along the full length of the fingers as well as on the knuckles and back of hand for protection against injury. A hi-vis red palm aids in signaling. Reinforced fingers, thumb saddle and palm enhance grip and resistance.

Features and Benefits:

- ANSI 105:2016 Cut Level A1
- Abrasion Testing - Ansi 105:2016 - Classification level 3
- Polyurethane-reinforced thumb saddle, palm and fingers adds durability and oil resistance
- Touchscreen index fingertip
- Flexible 4-way stretch from the form-fitting spandex on the back of hand
- Hook and loop cuff with spandex individualizes the perfect fit
- Flexible TPR to the edge of the fingertips, on the knuckles and back of hand protects the full back of the hand from impact injuries
- ASTM D2632 Certified
- Hi-vis red palm aids in signaling and alerting
